

GENERAL TERMS

GENERAL TERM AND CONDITION

General

All transports are performed in accordance with

- The terms and conditions agreed in the case
- These general terms and conditions for the conveyance of goods
- General Conditions of the Nordic Association of Freight Forwarders (NSAB 2015)
- CMR terms and conditions
- Should there be any discrepancy between the before mentioned conditions, each shall take precedence in the order they are listed.

Value-added tax

The prices indicated do not include VAT.

Rounding

For purposes of invoicing, rounding is done according to the following:

- Weights are rounded up to the nearest whole kilogram.
- Cubic meters are indicated to a maximum precision of two decimal places.
- Loading meters are rounded upward to the nearest single decimal

Taxable weight

Taxable weight is calculated according to the following terms:

Nordic countries

1 ldm = 2000 kg
1 EUR ppl = 800 kg
1 m3 = 333 kg

Rest of Europe

1 ldm = 1850 kg
1 EUR ppl = 740 kg
1 m3 = 333 kg

Long goods

Taxable weight for long goods (2.45 m or longer) is calculated according to the following

- | | |
|-------------------|--------------------------------|
| • 2,45 m – 3,99 m | 2x actual weight, min. 500 kg |
| • 4 m – 5,99 m | 3x actual weight, min. 1000 kg |
| • 6 m – 7,99 m | 4x actual weight, min. 2000 kg |
| • 8 m – 9,99 m | 5x actual weight, min. 3000 kg |
| • 10 m – | 6x actual weight, min. 4000 kg |

However, the taxable weight must not exceed the total loading meters translated into weight. In case that the goods requires the entire width of the truck, a translation into loading meters is applied.

Pricing

Zone-based pricing does not refer to transport to / from peripheral areas such as inhabited archipelago islands and comparable areas. Destinations outside the quote are priced according to the general price list. Prices apply to general working days. Days before the holiday or holiday periods should be checked with your contact person.

Force majeure

Force majeure applies to an extraordinary event or circumstance beyond the control e.g., disturbances in ferry traffic.

Temperature controlled transports

Freight prices do not apply to temperature-controlled transportation unless otherwise stated.

Complaints

Visible damage, reduction or loss shall be notified immediately upon receiving the freight and be noted on the acknowledged copy of the transport document. The recipient of the freight is liable immediately in connection with receiving, to inspect whether the goods has a defect concealed by the packaging. Concealed damages shall be reported in writing to Ahola Transport no later than seven (7) days after the freight is received.

Insurance

Ahola Transport's liability for freight is limited to the terms stated in the CMR convention. In order to protect the economic interests of the client, it is recommended that a separate cargo insurance policy be obtained. For information on cargo insurance via Ahola Transport, contact the responsible seller.

Packaging

The client shall ensure that the goods is packed, wrapped and of such a nature that it withstands normal transport handling and statutory lashings. Ahola Transport is not responsible for damages caused by faulty or lacking wrapping.

Booking of Transport

A requirement for a correctly performed transport is that correct and complete information are submitted in the booking.
